- Video clip to be inserted

Current Activity

CTSA local engagement – CT Security Surveys

Continued engagement with sites/ local authority

Crowded Places funding

Targets for reduction in vulnerability

Identify requirements for all other crowded places sites

Aim of VSAT

On Line Self Assessment to identify vulnerabilities

Promote reductions in vulnerabilities

Measure reductions in vulnerabilities

Enhance advice across the sectors

Signpost best practice

Enhance CTSA / Crowded Places Sector engagement

Engagement

Technical working group

National Working group

Question Set

33 Questions – covering:

Physical Security

Personnel Security

Information Security

Good Housekeeping

Managing the Risk

On Line Assessment Form

Each question will contain:

A question descriptor where required

Each answer will generate:

A recommendation

NaCTSO - Who we are and what we do.

The National Counter Terrorism Security Office (NaCTSO) is a police unit co-located with the [Centre for the Protection of the National Infrastructure \(CPNI\)](#). We are funded by and report to the [Association of Chief Police Officers \(ACPO\)](#)

NaCTSO contributes to the UK government's counter terrorism strategy (CONTEST) by supporting the Protect and Prepare strands of that strategy. [More information about CONTEST.](#)

Our staff can offer specialist advice regarding the security of explosives and pre-cursor chemicals (including fertilisers), pathogens and toxins, radiological sources and other toxic chemicals.

We also provide guidance in relation to business continuity, designing out vehicle borne terrorism, the protection of crowded places and reducing opportunities for terrorism through environmental design.

To achieve national delivery on behalf of the Association of Chief Police Officers (ACPO) NaCTSO trains, tasks and coordinates a nationwide network of centrally funded, specialist police advisers known as Counter Terrorism Security Advisers (CTSAs). The primary role of these advisers is to provide help, advice and guidance on all aspects of counter terrorism protective security across a variety of sectors.

Advice Report

The advice report will be based on NaCTSO survey form and include the headings as per the question set

The question and answer will be shown within relevant section with the recommendation below

Recommendations will also signpost the user to good practise

Only the user will receive the report

Benefits to User

Enables you to.....

Bench mark against your risk register

Minimise disruption

Minimise Impact

Terminate parts of Risk

Provide Actions

Remove or Reduce Vulnerabilities

Insurance Cover

Invest in other areas of business

Promotes closer engagement between Crowded Places
sectors and CTSA

Benefits to Us

Enables NaCTSO/CTSA to reach a wider audience

Enhances existing guidance documents

Promotes closer engagement between Crowded Places and CTSA

Allows for prioritisation of future tasking
